## PHANTOM TOURNAMENT w/CA ADPT.

This paintball marker is an underarm pump action paintball marker with an attitude for winning. This is the Lamborghini of the pump markers. What it lacks in trigger speed it makes up for with accuracy and distance. With adjustable velocity and a removable barrel, this marker brings a lot to the playing field. This is the tournament edition. All you need to do to get started is connect the air source and hopper and add paint.
