ADCO IMP LIGHT SIGHT BOX MODEL

This addition to the ADCOr reflex sight line will make the novice shooter an "eagle-eye" in minutes. iMPT offers all the advantages of a higher priced reflex sight at a fraction of the cost. It even has built in mounts compatible with standard .22 caliber style 3/8 inch dovetail. This product was built from the ground up to be an electronic sight. iMPT has a polymer body with metal mounts. Many airgun shooters, particularly paintball game shooters, find iMPT to be just what they need to get off a well placed shot. The value of reflex sight shooting is now well established. For action games like paintball, the ADCOr iMPT is recognized as a winner.
